

ANNOUNCING...

Catch up time for PL-63!

Since it's been over 2 years since we departed that wonderful place called Monterey, things have probably happened in everyone's lives that the rest of us are unaware of. There are probably a few new additions to our extended family (via babies, marriages or what have you), probably a few promotions or at least selections for promotion, maybe some new duty stations and jobs, and most certainly new addresses. So, I'd like to put together a newsletter to bring everyone up to date, and at least get current addresses out in time to mail Christmas Cards!!

All it means from you is a letter, card, or even Post-it-Note with your current mailing address on it, at the very least, and preferably a little additional information on the latest and greatest events in your lives.

I will compile all the information I get and put it together into a newsletter/address list, and mail that out, hopefully by the middle of December. So, get your "input" to me by Thanksgiving, and I'll get to work!! And pass this letter along to anyone you know from PL-63 in case my address for them doesn't work.

Meanwhile, Happy New (Fiscal) Year!
