

# ***RANDOM-ACCESS MEMORIES . . . .***

**NAVAL POSTGRADUATE SCHOOL  
MONTEREY, CALIFORNIA**

Naval Postgraduate School....a time to remember for all of us. This memento in the form of a book spotlights a few of the good times shared with good people at this particular juncture in our careers.

A juncture, yes, a turning point for many of us toward more fulfilling professional positions in the future. While we skillfully shaped our futures with the finely-honed precision tools of higher education, we enjoyed a peaceful study environment in a beautiful setting, forged new friendships, had lots of fun in the "sun" (when the fog cleared), and, of course, partied 'til we dropped.

Now it's on to bigger and better things. With The Thesis behind us, the world looks bright and sunny ahead.

Hopefully, this book will join your collection of valued possessions. Like so many other things we have done together in the last eighteen months, it is a collage of individual contributions, all of which are greatly appreciated.

--Pete Lindberg

## REFRESHER

February - March 1986

Refresher Courses (BASIC, Calculus, Logic) . . .

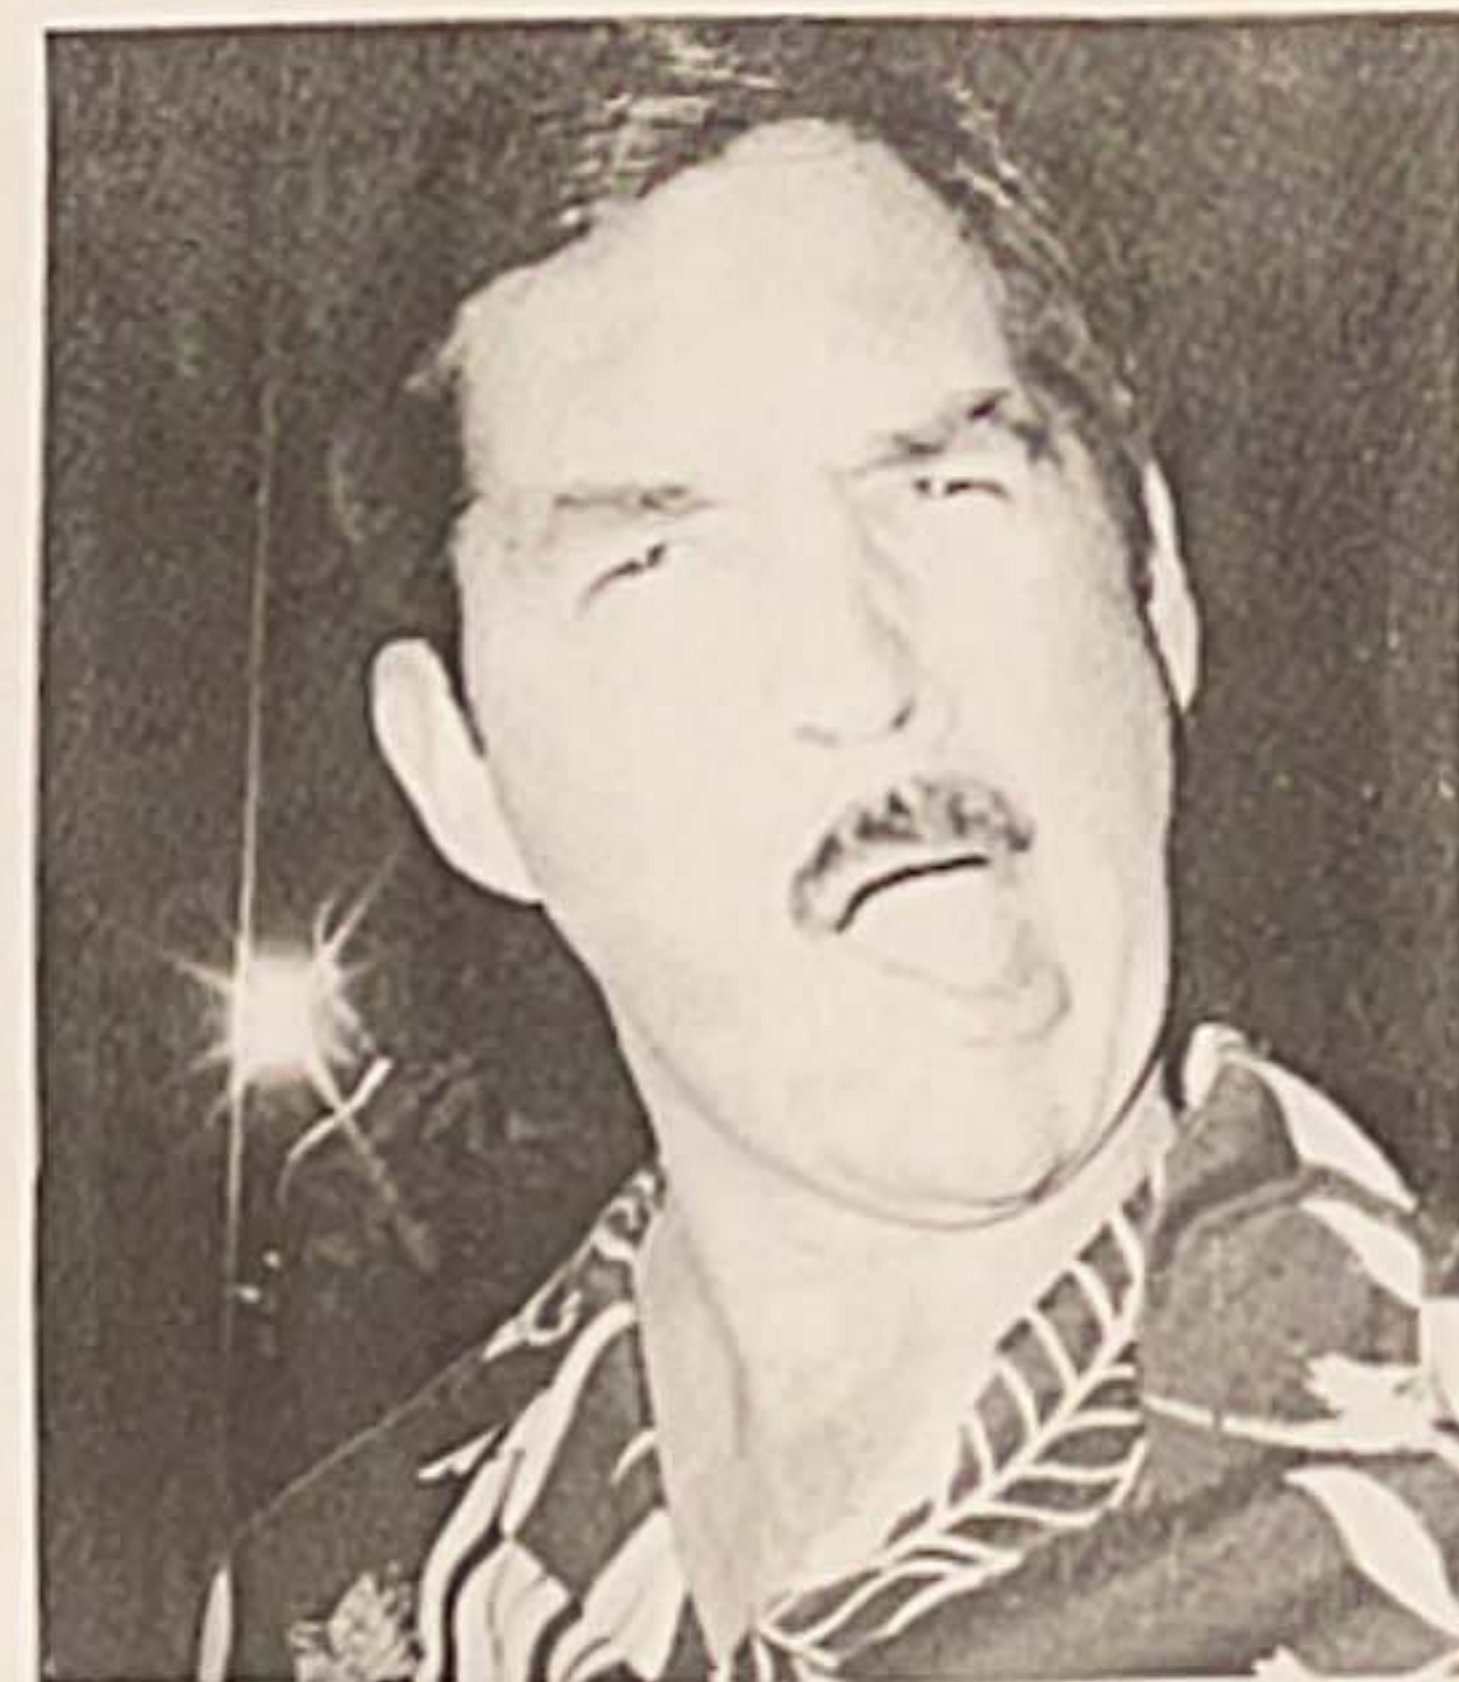

Saturday Calculus sessions . . .

Dancing at The Doubletree Inn . . .

Hail to Us/Farewell to Them in the La Novia Room in Herrmann Hall . . .

Party at Donna's, Mike's, and Byron's beachhouse . . .

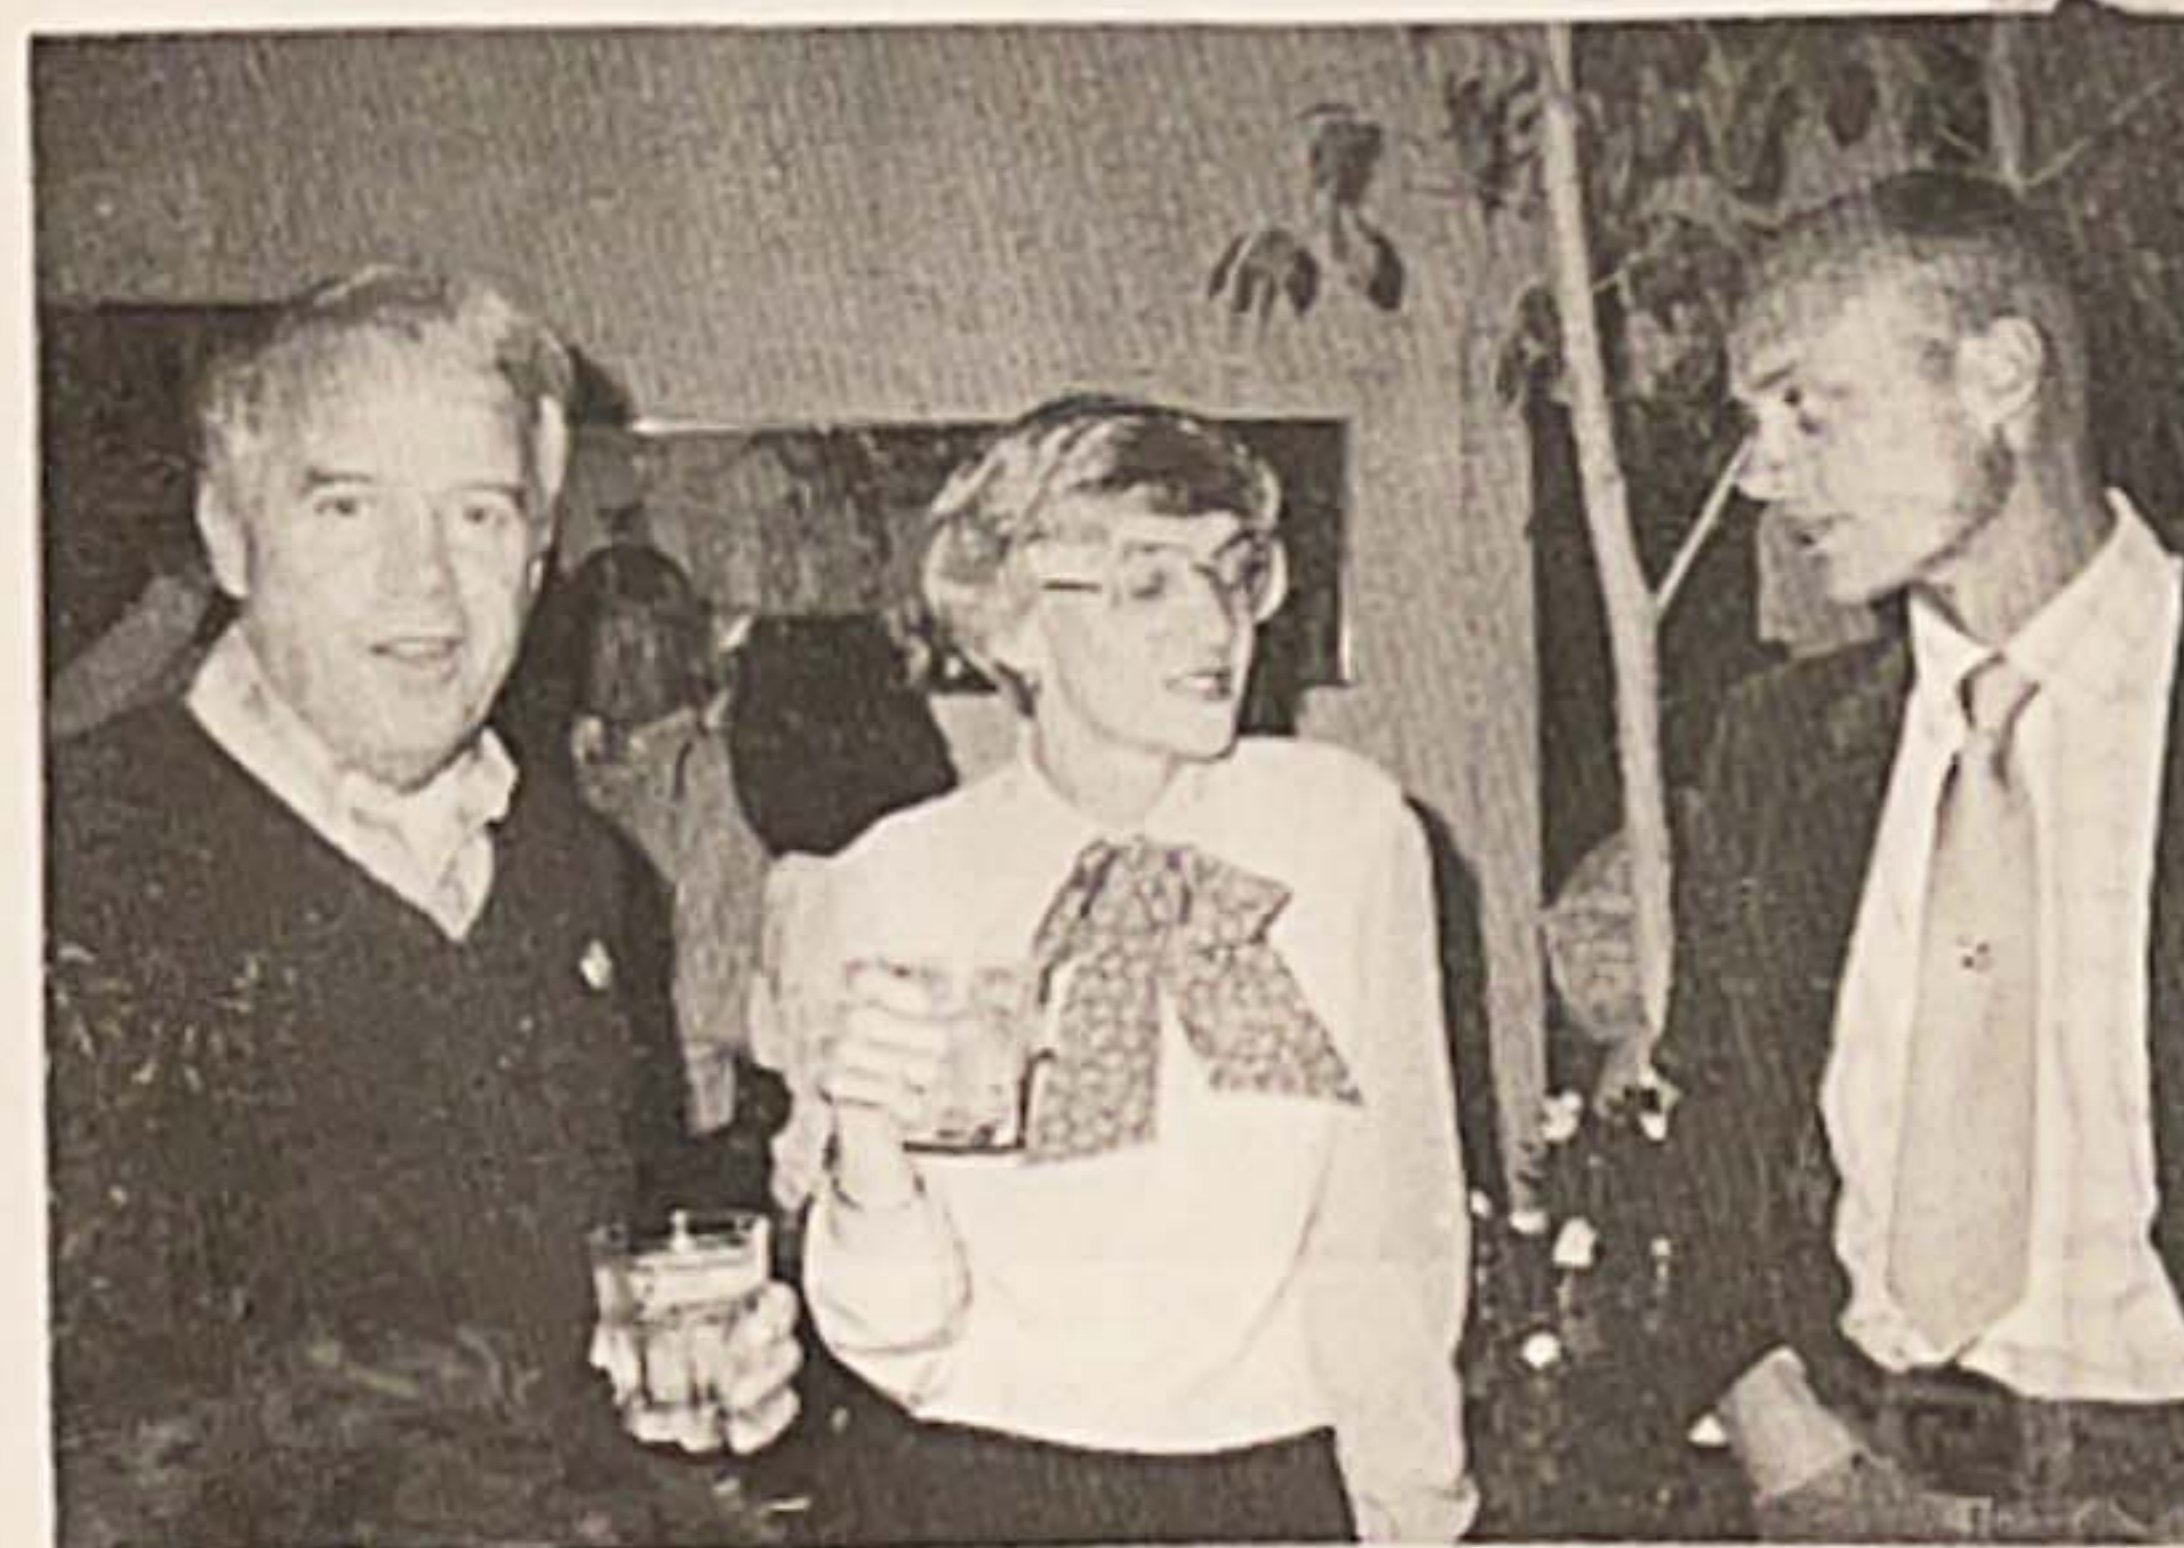

"Clint for Mayor" buttons for Professor Wilde's Logic Final . . .

"Cache Virtual Paging Dynamic  
Relocation WHAT????!!!"

"Oh, boy! Tammy's not looking...I  
can get weird now!!"

"Whattaya mean, these numbers aren't real? Aw, forget  
it...let's dump the old man and FUNCTION!!!!"

# 1ST QUARTER

March - June 1986

Reception at the Admiral's quarters . . .

CITH (Cats in the Hat) was born and softball began . . .

(SNIGLET from Steve Frink: "SCHLITZSTOP - n. The one player in amateur softball games who always thinks he can handle this position and a beer at the same time.")

GENRAD haunts lots of us . . . R. Brinkley & Sons opens business.

Amy meets her first Turk . . . one of a flock to follow . . .

Al's and Alicia's Open House/Birthday Party . . .

Surprise birthday party for Jim after the softball game . . . oorah!

CITH takes #2 in softball tourney . . .

After-Finals party at the Captain's Gig . . . with Nancy Roberts, no less!

SUMMER BREAK: 20 June - 6 July!!!

Taking full advantage of our athletic scholarships . . . Cat in the Hat softball!!

Al-Iy's CATS.

Janet rehearses wedding night moves...

"If that dog bites me in the ass again, I'm up the fence!"

Al takes a shower in the field after the CATs blazed to second place in the NPS intramural softball league.

## 2ND QUARTER

July - September 1986

Emily Elizabeth Dinwiddie makes her grand entrance on 4 July . . .

Housewarming party at Karen O.'s . . .

Shrimp and Crab Dinner in the El Prado Room . . .

Bargetto's Winetasting Party and dinner at Outrigger afterwards . . .

Denise Hodgins becomes Denise Copeland . . .

CITH takes #2 again in softball tourney . . .

We thank Steve F. for tutoring services with lunch at Sancho Panza's . . .

Monterey Bay 10K . . .

After-Finals picnic at NPS Golf Course picnic area . . .

(SNIGLET from Steve F.: "TRAFALSE (F) - n. symbol used by unscrupulous students on true/false exams in hopes that the teacher is either very lenient or terribly nearsighted.")

Ron Brinkley breaks his little finger . . .

Through this hall shall pass, a most distinguished class.

"Guess what WE did tonight!"

That's great if you're a crow...but what if you're a taxi driver?

-- Wilde on distance.

An X? What is that? So much chalk on the blackboard, right? The same as any old variable you see walking down the street.

-- Wilde on random variables.

Those two-and-a-half cars are hard to drive.

-- Wilde on discrete variables.

This is the other way to do this...that is, if you like to take the scenic route.

-- Wilde on alternate solutions.

This is the way I did it in First Grade.

-- Wilde on binomial distributions.

Small depends upon where you are in the book, I suppose...it's hard to keep up with this guy.

-- Wilde on the consistency of the text.

A few too many roots running around here.

-- Wilde deriving Spearman's rho.

Look at that equation...there's a story there.

-- Wilde looking for stories.

A four-hour test in a two-hour period...that's about right.

-- Wilde describing the final exam.

You've got formulas in the book! Calculators to work them out! How can you go wrong?!!

-- Wilde assuring the students before the final exam.

## 3RD QUARTER

### October - December 1986

CITH volleyball is born . . .

Navy Ball . . .

Big Sur River Run 10K and Campout (Mike Ross's chili . . . ack!) . . .

Steve G. became an O-4 on 1 September . . . recovering nicely.

Open House at Tim and Suzanne's . . .

Halloween Party at Karen O.'s . . .

Marine Corps Ball . . .

Trip to Bank of America in San Francisco and CATS with Barry . . .

Christmas Party at Karen O.'s (Party Lady Extraordinaire!) . . .

CITH blazes to #1 in volleyball tournament . . .

After-Finals pizza at Tarantino's . . .

CHRISTMAS BREAK (aaaahhhhh!): 19 December 1986 - 5 January 1987

The #1 volleyball team in the league...those Cats are soooooo talented!!!

"I'm a Lumberjack, and  
I'm OKAY!!.....down, boyy!!"

Yes, YOU TOO can appear this intelligent after only  
SIX MONTHS of studying computers at NPS!!

CRT-burn is not a pretty sight.

What we are when the sun goes down.....

Saturday Night Tim is Sure.

Who's behind those Foster Grants?

Why, it's Spuds McThumper,  
of course.

A Rose between two Thorns...

"I've got my bib...now, where's the CHOW!!!"

Ron: "Steamin' is Dreamin',  
and better than Sex!"

Bill: "Hawkeye riders know  
how to rotate!"

Gadz: "Helo pilots have  
longer blades!"

"MY KINGDOM FOR A MAN LIKE THIS!!!"

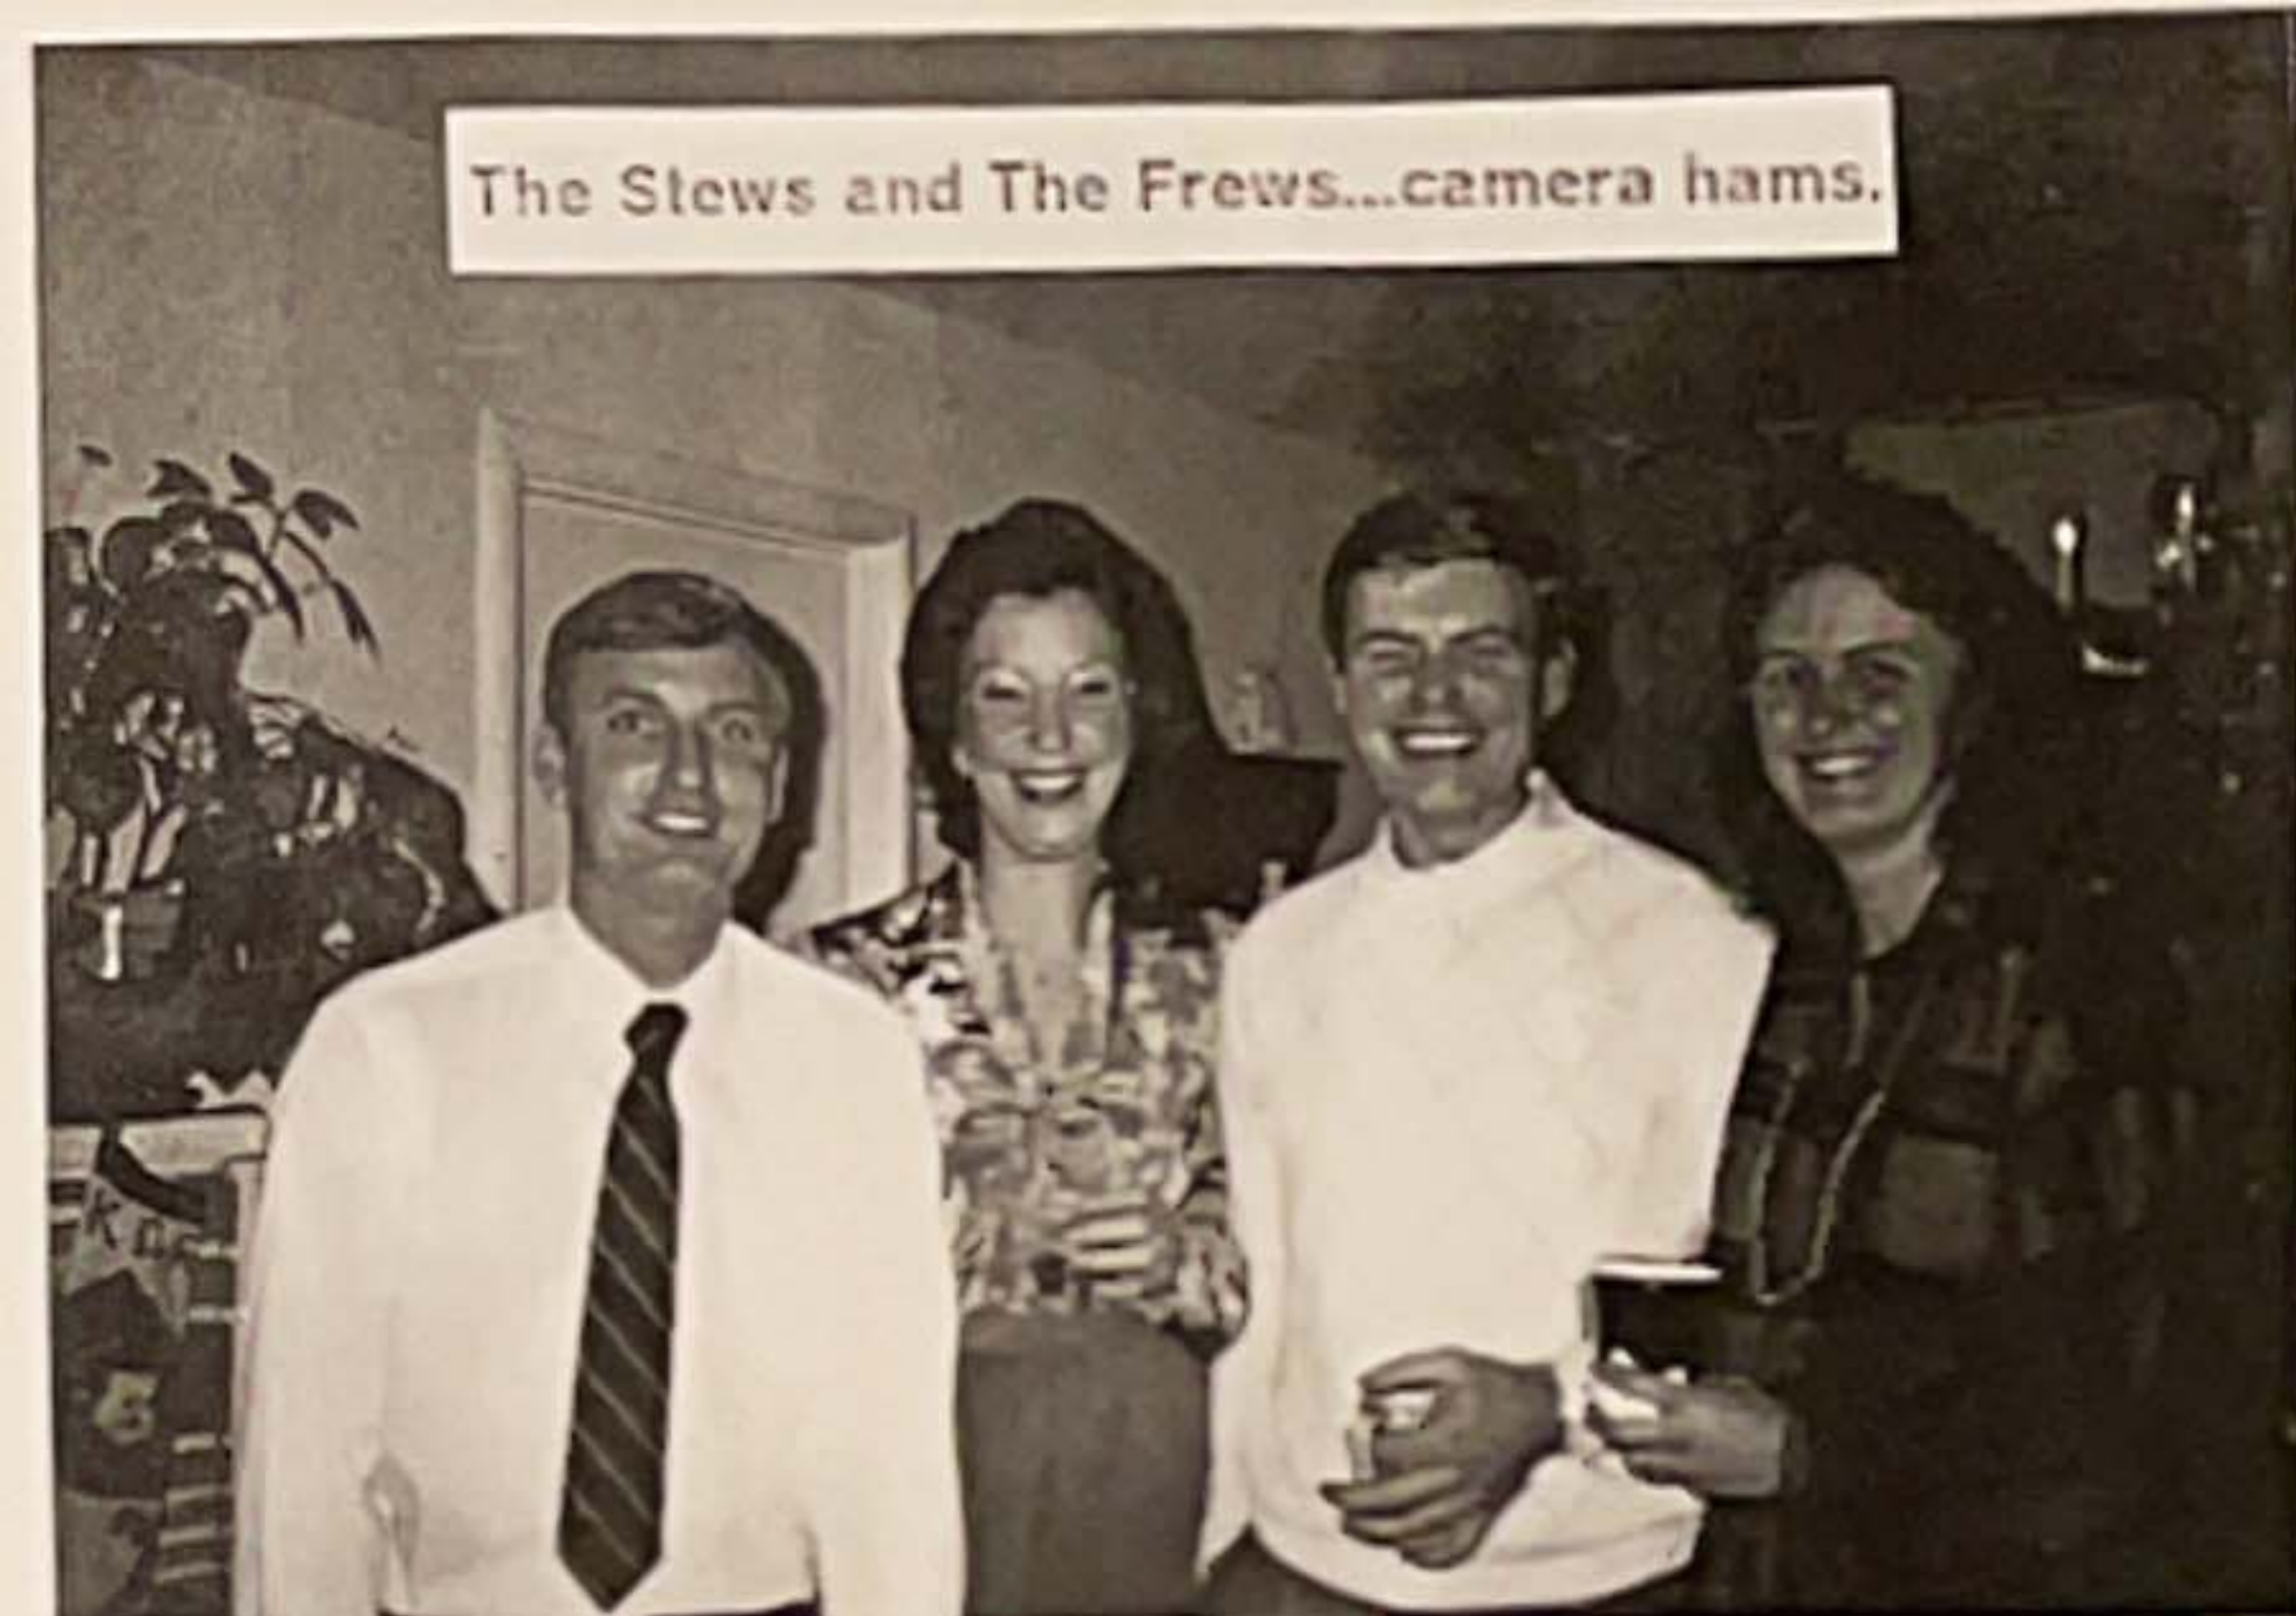

Bill: "Do I really want to get married???"

Suzanne: "Does Bill really want to get married???"

Janet: "He DOES really want to get married...doesn't he???"

The Stews and The Frews...camera hams.

Dan and Ginny...controlling the action, and having a fine time, thank you.

Rob: "I once skied Squaw with the Olympic team..."  
Howard: "Yeah, yeah...sure, Clarey. You and my grandma."  
Bill: "Yeah, I caught salmon on top of Squaw back in..."  
Steve: "I can't understand why Marine Amphibious Units don't train up there, myself..."  
Donna: "Look! It's almost up to the ceiling already...and we've only been here an hour!"

## 4TH QUARTER

January - March 1987

PL-63 takes over the Computer Club -- Jim, Gadz, Donna, and Bill C...

Gadzalas take us to Hawaii in their living room...

Ski Trip to Tahoe... the one Steve S. will never live down...

Rocky Horror Picture Show Virgin Briefing/Screening at Dream Theater.

Thesis worries begin for real: proposals due...

Little Joseph Bradley Gaffney appears on the scene on 5 February...

And little David James Cox joins him soon thereafter on 26 February.

Curricular Party at the Golf Course Clubhouse...

CITH takes #2 in volleyball tournament...

Gadz breaks his Achilles tendon during game... ouch.

Peacocks start mating calls during Networks final...

After-Finals party at Sand Bar and Grill...

Lake Tahoe backdrops this PL-63 Ski Bunny.

Polish people think this is the way to make babies.

It's warmer if you Cuddle....I mean, Huddle!

Steve returns from a fishing trip.

## 5TH QUARTER

April - June 1987

Graduation Activities Planning Party at Karen O.'s . . .

Ron, Steve G., Gaye, and Sherrie wet us down at the NPS picnic area . . . .

Easter Brunch at the Monterey Bay Plaza hotel . . .

Karen O. gets us into the beach mood with beach party in Carmel house . . . .

Fearless Leaders Bill K. and Rob C. told of their promotion to O-5 . . . cheers from us all!!

Outing/Dinner at Hammerhead's . . .

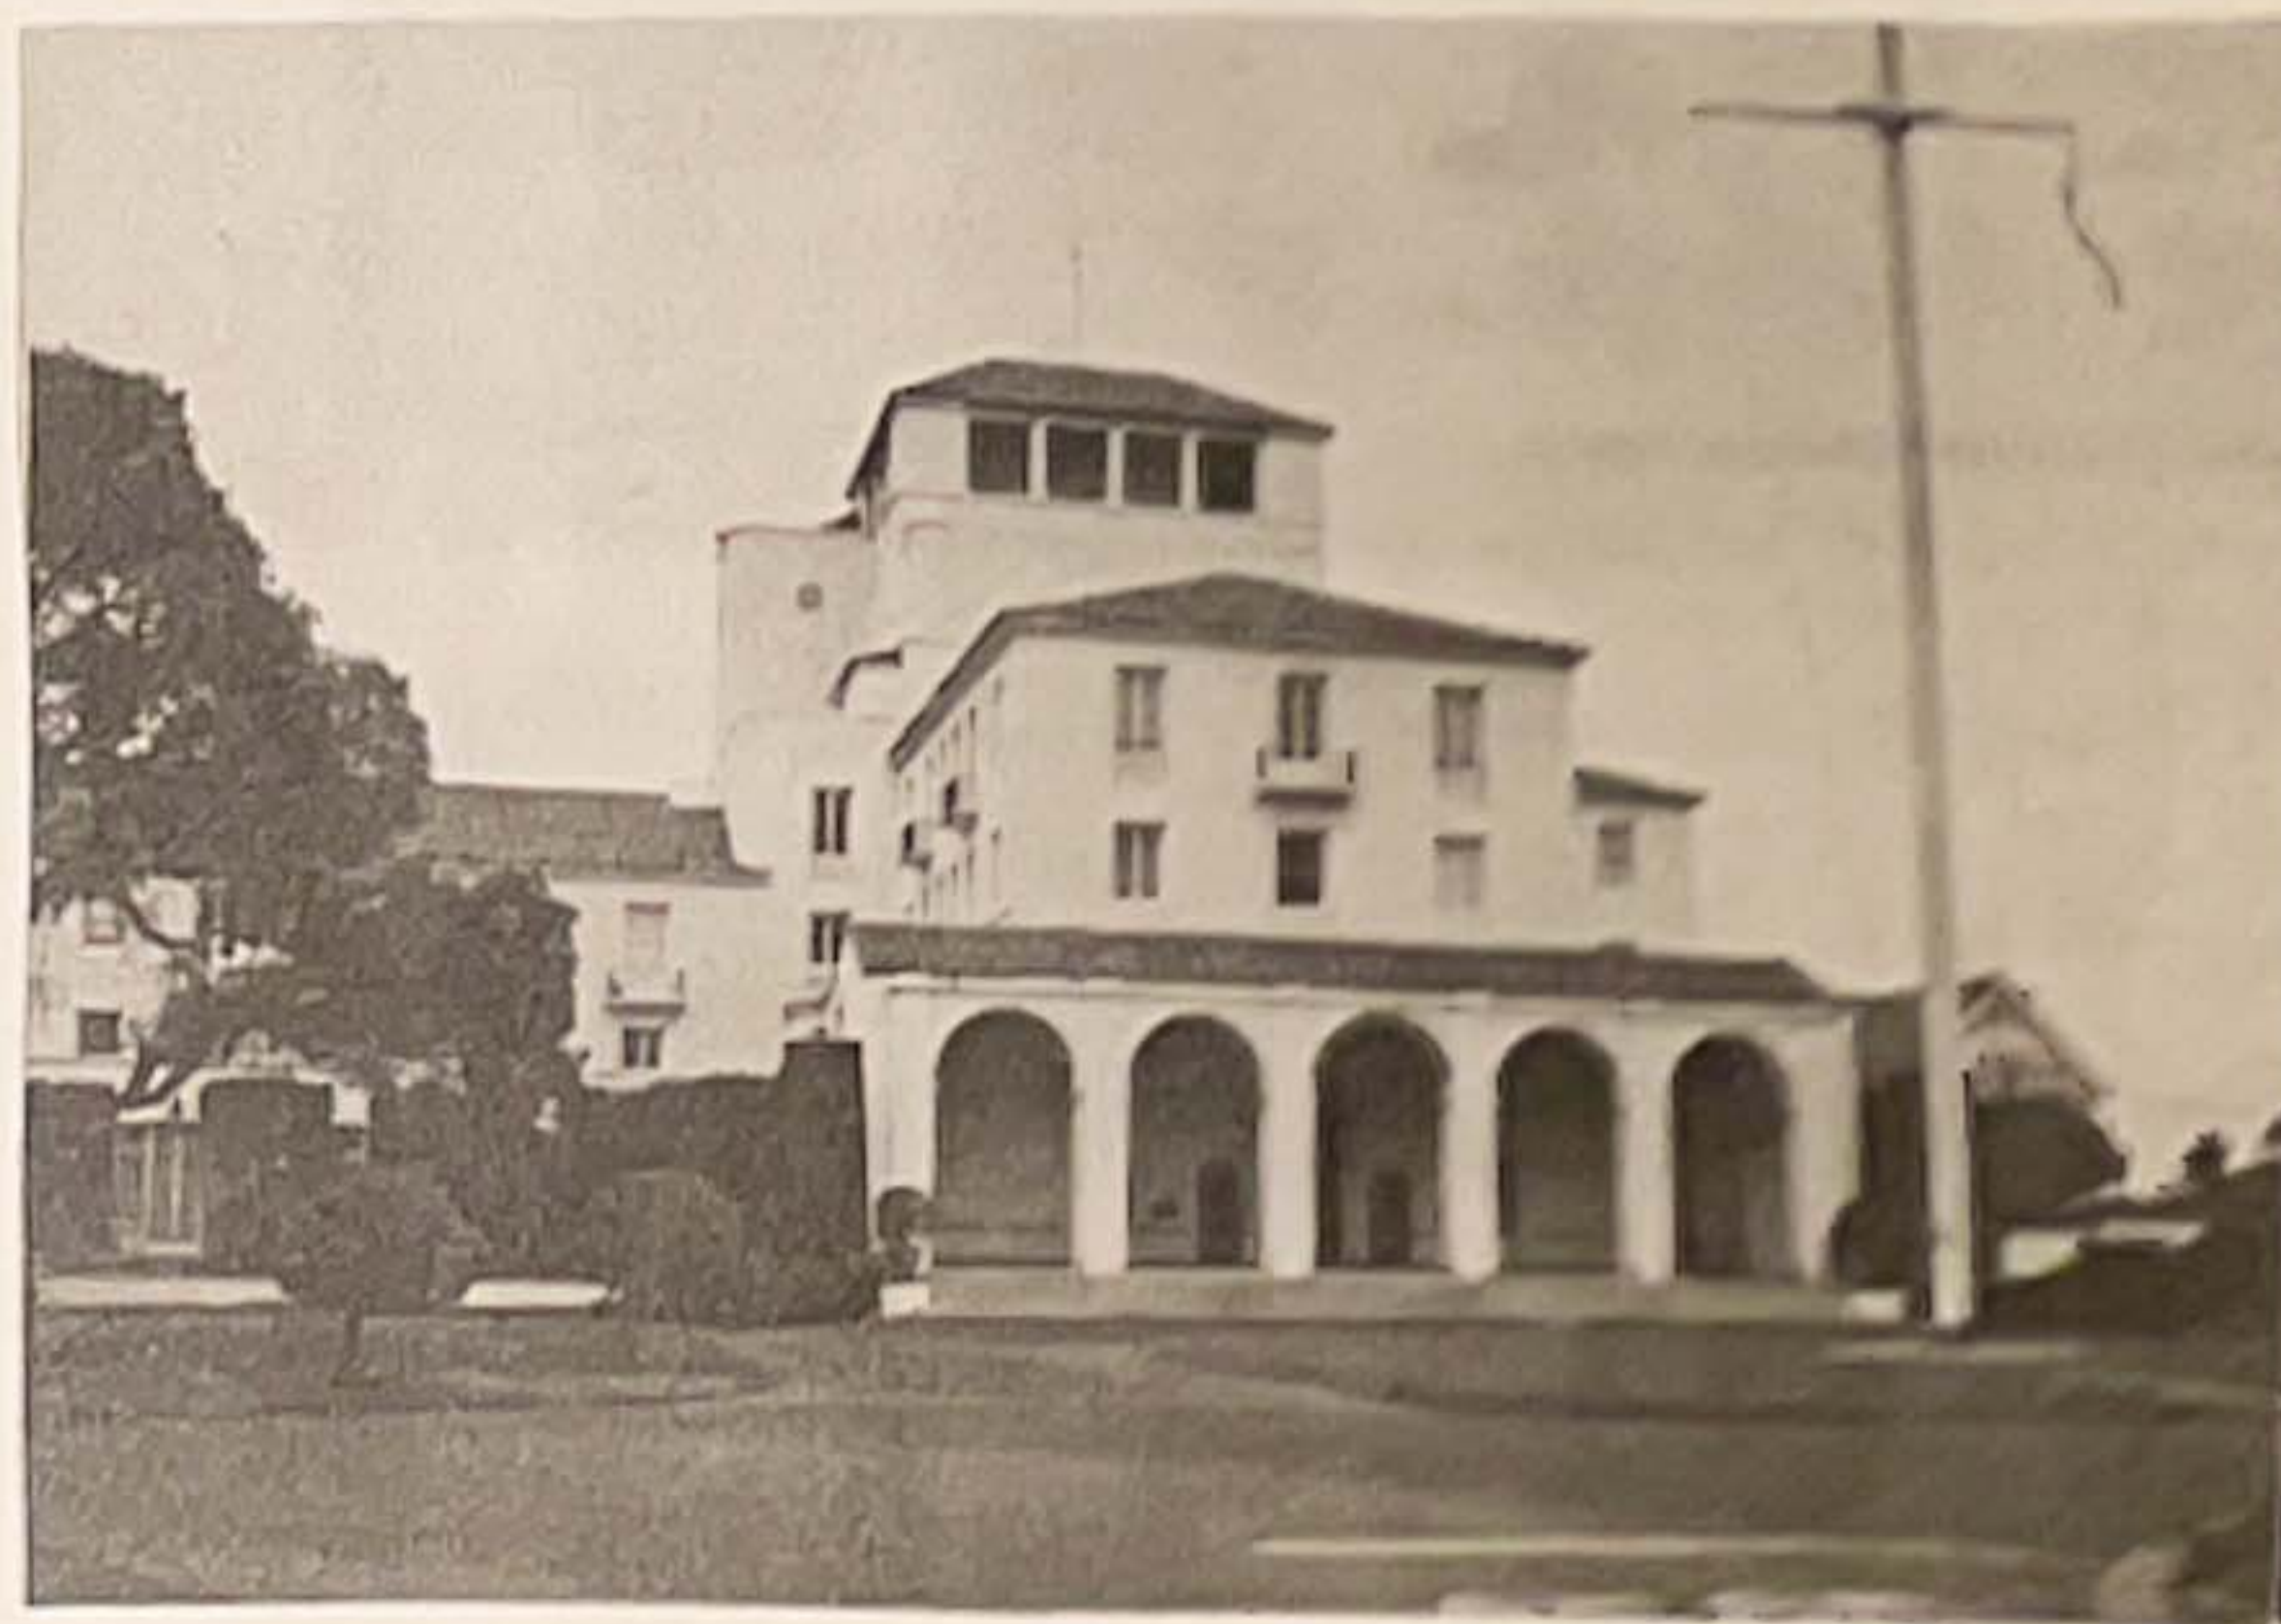

Young Aaron Stephen Frink proudly strides into life on 26 April . . .

Ron B. and Sherrie A. became LCDRs on 1 July . . . frontal lobotomies, too . . . .

Professor Bill Davis, IS4200, expounding upon God-given talents to create things (like computer systems software), asks the class rhetorically, "How do you teach someone like Stevie Wonder to compose songs?". Howard Keese, in true form, and ignoring the basic issue, replies, "Look Here!!".

Lovely Katelyn Frances Sexton graces the world on 29 June . . .

After-Finals party at Margaritaville . . .

Duty Station!?

Real Party-sauruses.

"I didn't mean YOU, Bill!"

Steve and Nancy are amazed at some of the things Gadz does at parties...

Thumper prepares Karen  
for doggie-paddle lessons.

"Dammit, Janet!...Just let me lead!!!"

Suzanne feels a few toes squished...

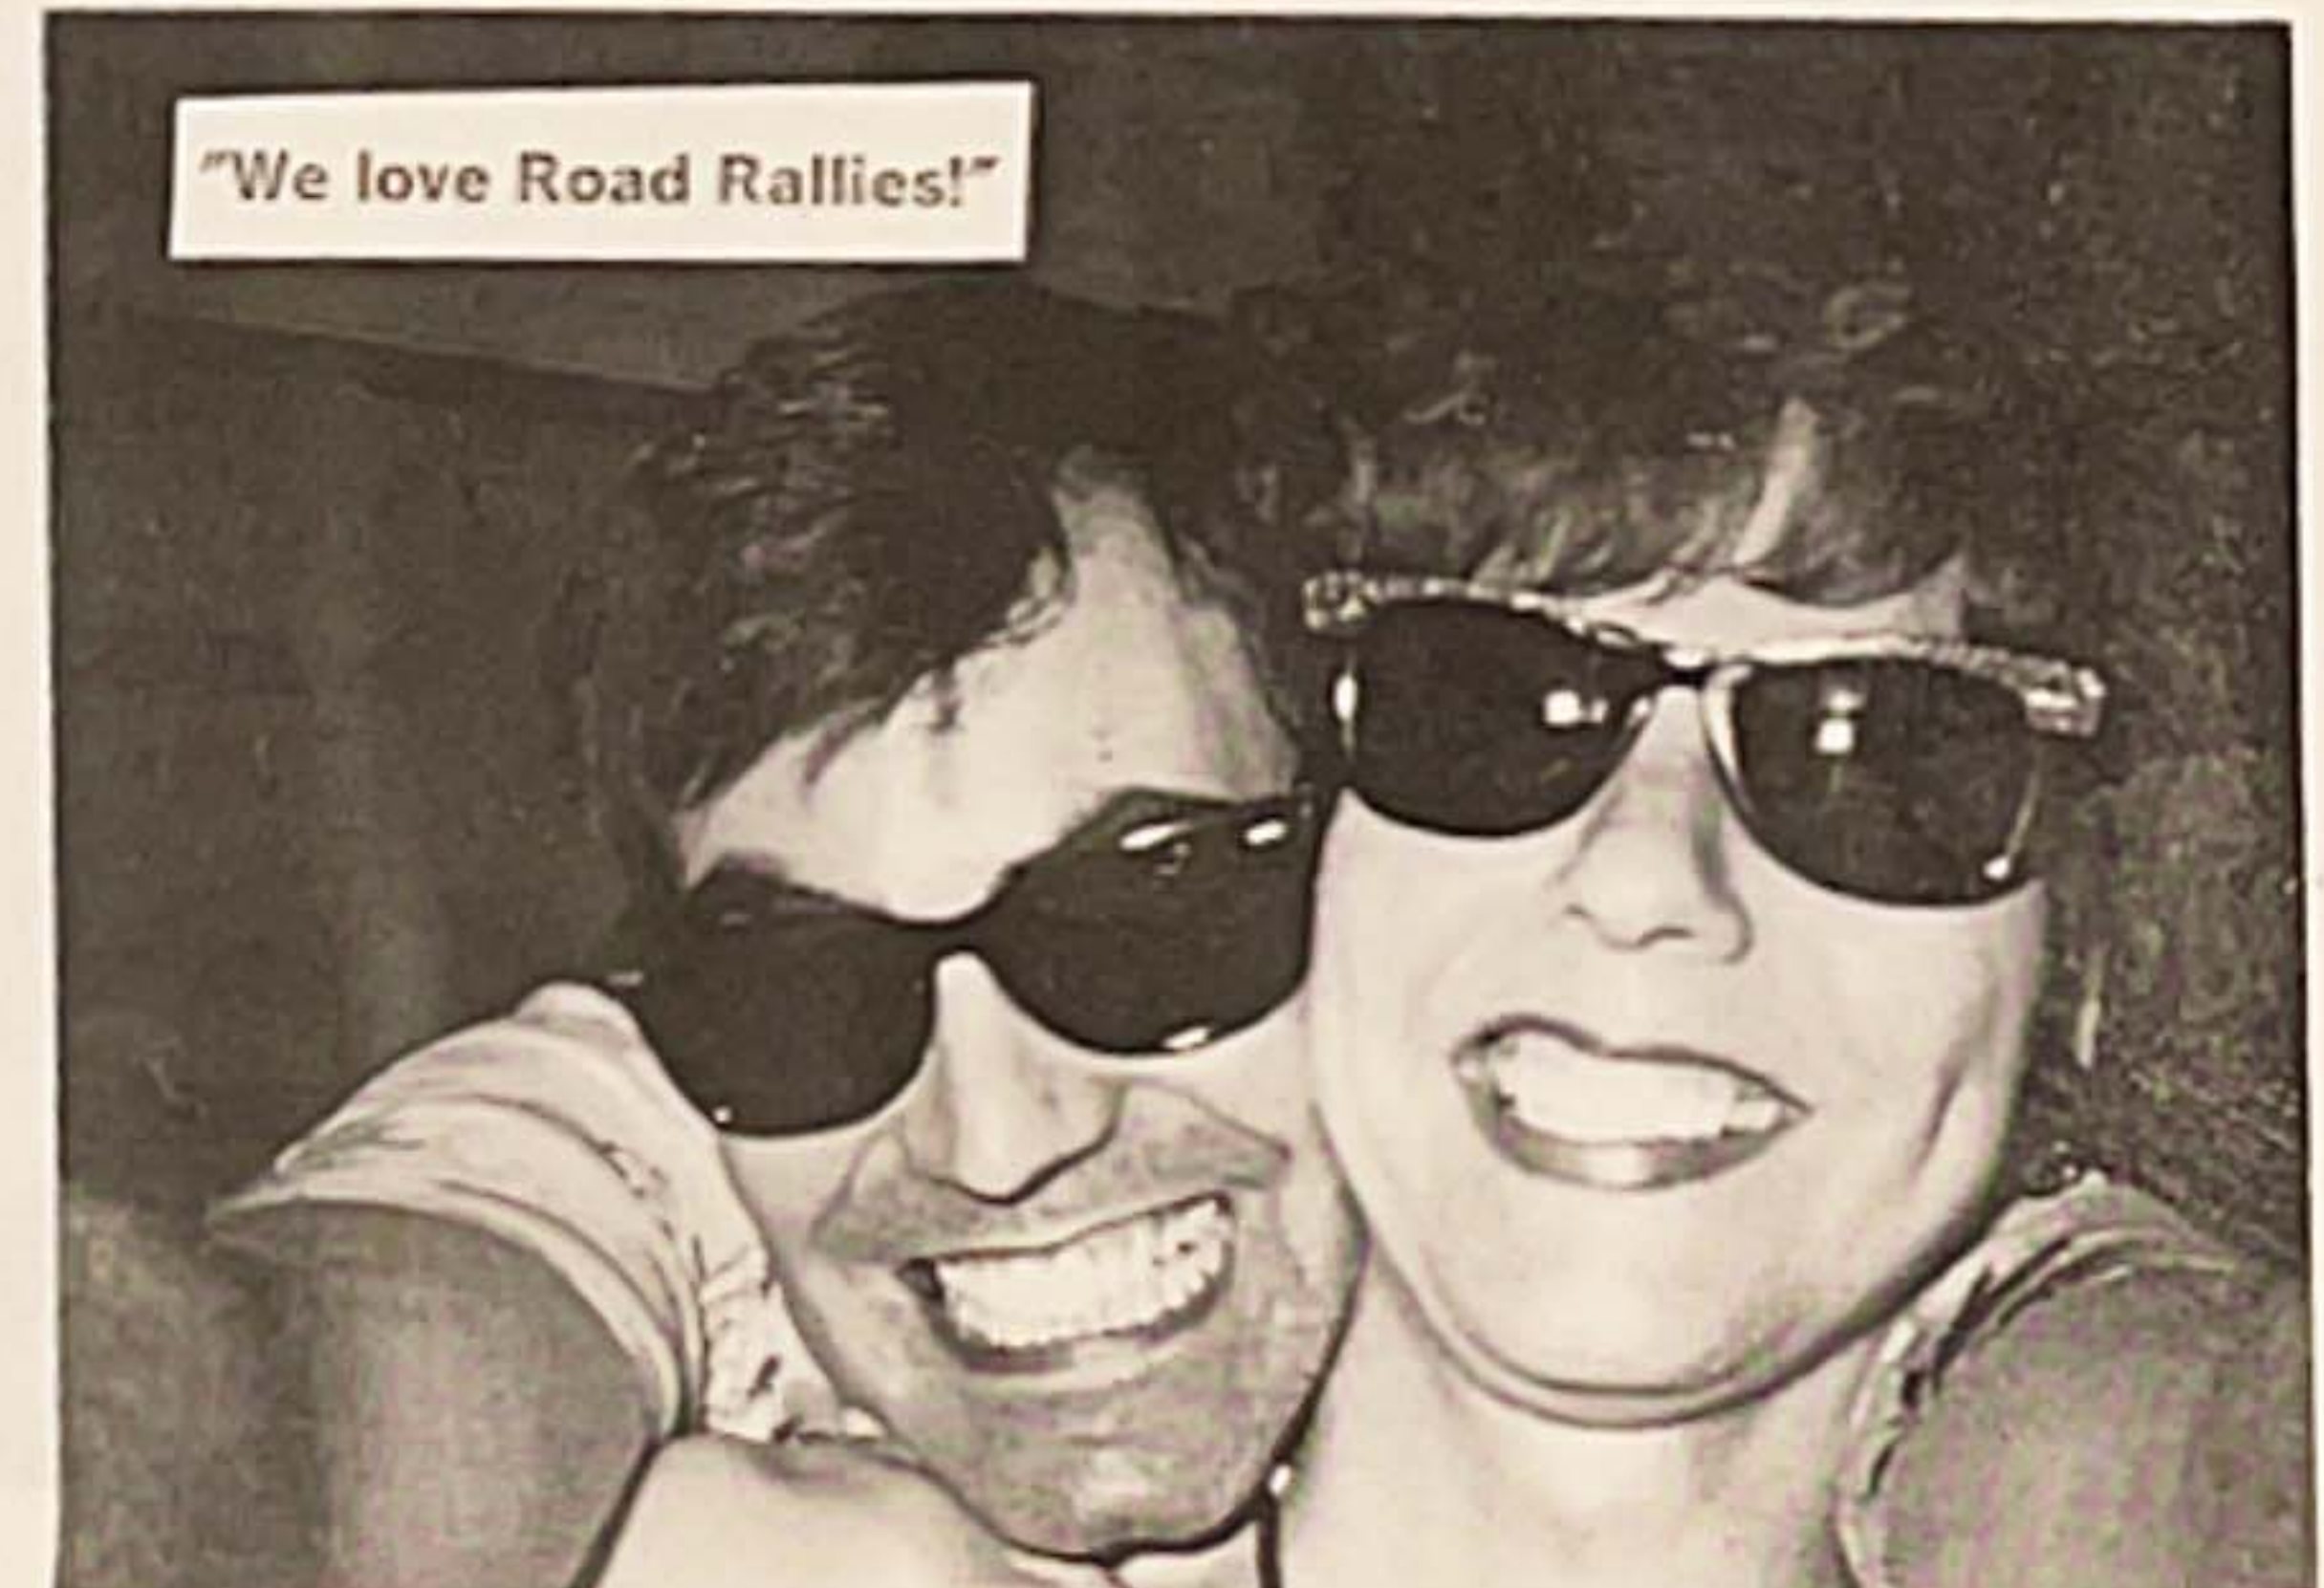

"Na-a-a-a-a-a-w.....", says our Peerless Leader to a  
suggestion that he'd probably enjoy doing a tour as a CS/CSM  
Curricular Officer.

"Well, if none of you guys are interested, I'll just do the  
'Gator!!"

"We love Road Rallies!"

## 6TH QUARTER

July - September 1967

The USS Missouri stops in to celebrate our last quarter . . .

The Hollands set up a remarkable Road Rally . . .

The Doves organize a terrific Tailgate Party at Candlestick Park . . .

PL-63 takes class photo, Aloha-style . . .

LaMesa spouses delight our palates at a Progressive Dinner . . .

CITH volleyball team takes #2 in tournament . . .

Ron Brinkley encourages us to "Be Happy in Your Work." . . . sure, Ron.

Yearbook Photo Caption Party at Donna's . . .

CITH #2 in softball tourney again . . .

Farewell to US! in the La Novia Room . . .

Graduation Party at "Professor" Barry's Pebble Beach mansion . . .

Big Bash Graduation Party at Rancho Canada in Carmel foothills . . .

Bill Key's and Rob Clarey's pre-graduation wetting down festivities . . .

And last, but certainly not least, GRADUATION!!!! . . .

"They oughta make them boys run those bases in boots and full packs!!!"

(or)

"No, Donna, that's NOT a touchdown!"

Primo time in the Candlestick Park parking lot before the Giants beat the Dodgers that day!

"These Marines are so....so....HANDSOME!!"

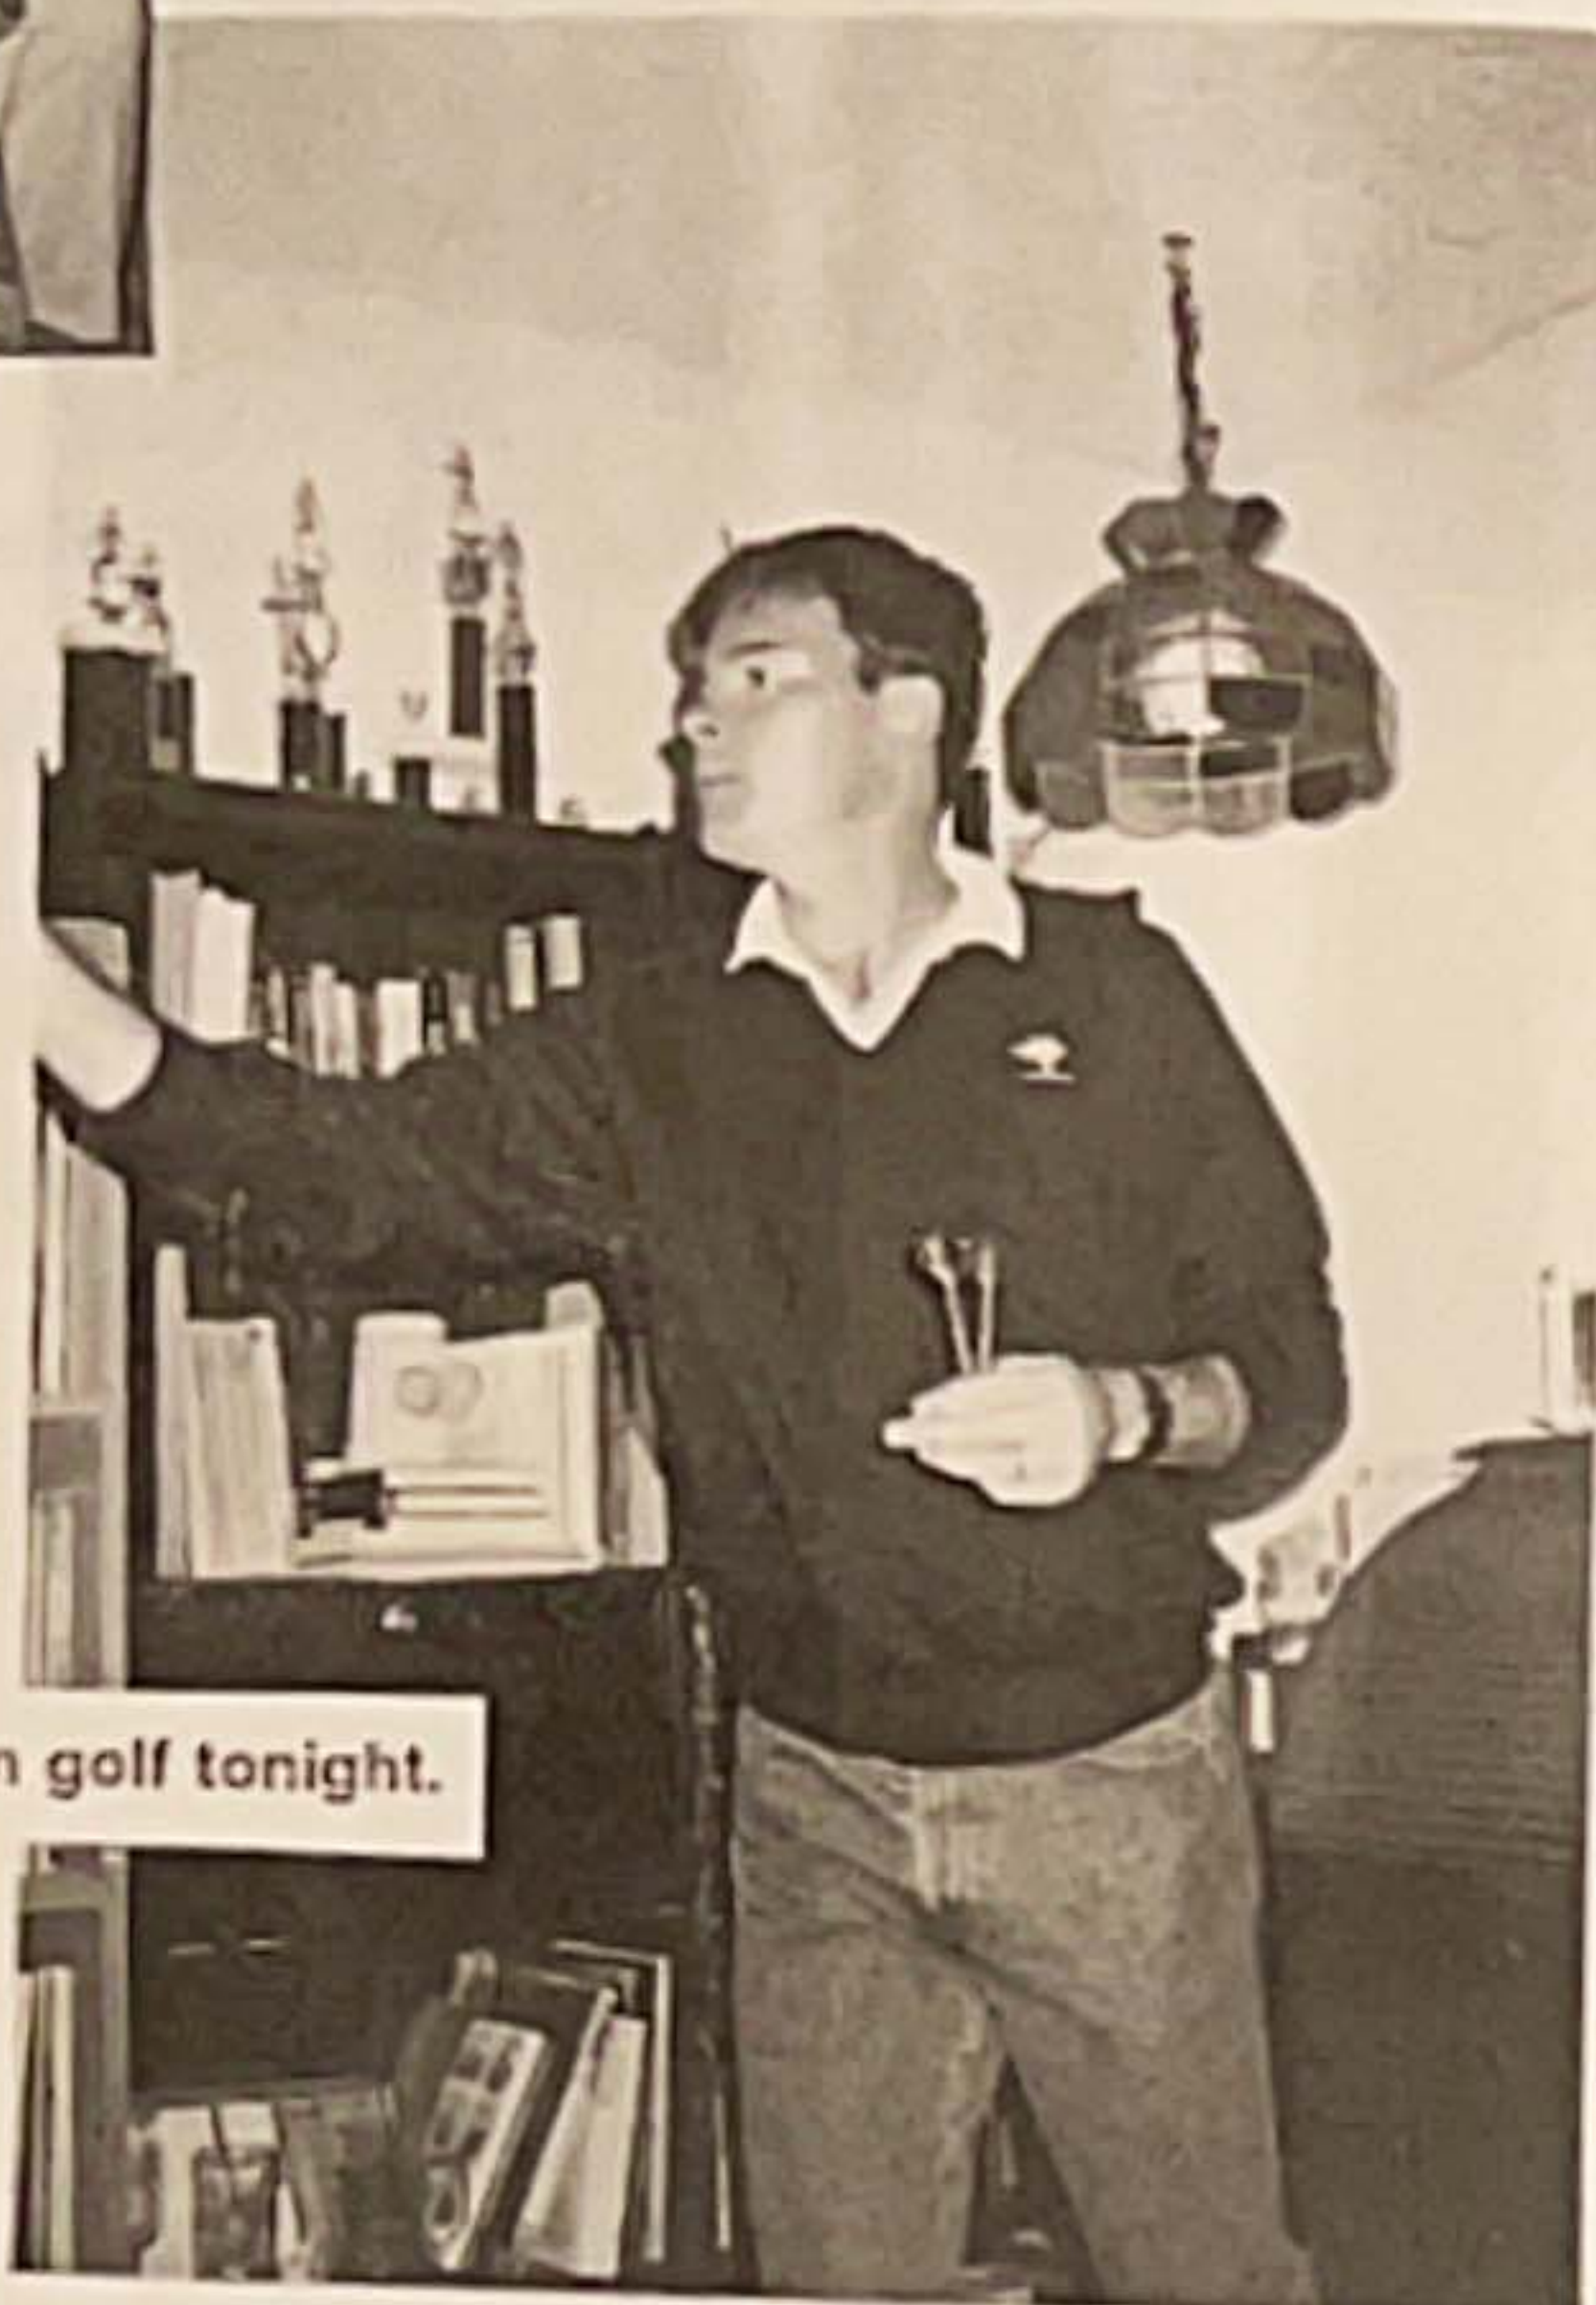

As is obvious, Rob loves the chow.

Howard is psyched.

Tim's taking a break from golf tonight.

Still Frink after all these months.

Betsy's first try at Sushi . . . yech!

Happy Campers, en masse.

Buns of our Beloved Camp Director!  
(or) Beloved Buns of our Camp Director!

THRASHING!!

Token...

(or)

"But, DOCTOR, I really neeeeeeeeeeeeed an 'A'!!!"

(or)

"When I was CO..."

And, thanks to these guys for illustrating our motto, "Cooperate to Graduate", by their excellent tutoring in some of the more obscure subjects we took:

Steve Frink (Callahan's Computer Architecture course)

Tim Holland (Statistics, Networking, Operating Systems, Barry's Lab, and Operation Research)

Jim Daly (Accounting)

Jon Allen (Calculus)

Let's not forget Janet's famous taco dip ... it helped us "purge our systems" of the study habit on party nights! Here's the recipe:

- 1 medium can refried beans
- 2 cups shredded cheddar cheese (see Ollie North)
- 4 ounces sour cream
- 4 ounces guacamole
- 1 can pitted chopped black olives
- 1 medium tomato, chopped
- 1/4 cup salsa
- tortilla strips (X-rated)

Combine refried beans and salsa and warm the mixture in the microwave or on top of the stove. Spread this mixture lasciviously on the bottom of a 16-inch serving tray. Layer, in order, one-half of the cheese, all of the sour cream, all of the guacamole, all of the olives, the rest of the cheese, and all of the tomato on top of the mixture in the tray. Set the tray near a bowl of the tortilla strips, and stand back!

## OUR THESIS TOPICS, FOR REFERENCE

### AND/OR HELP

Allen (& Lang): Search and Rescue and Enforcement of Laws and  
Treaties Intelligence System

Aly: Computer-Based Training for Strategic Decision-Making  
Development of Three Tutorials

Brinkley: Can Neural Networks Effectively Assist the Shipboard  
Tactical Action Officer (TAO) in a Passive Anti-Submarine Warfare  
(ASW) Prosecution?

Clarey: A Review of the Evolution of Naval Data Automation and  
the Optical Media Mass Related to Naval Aviation Technical  
Documentation

Copeland: The Development of a User-Friendly Interface for the  
Battle Group Tactical Trainer: A Prototyping Approach

Cox: An Approach to Validation and Verification of the  
Communications Load Model with Supporting User's Guide

Daly (& Gaffney): Tactical Use of Digitized Maps

Dinwiddie: A Database System for Monitoring Labor Costs in  
a Public Works Environment

Dove: The Logical Design of a Shipboard Intelligence Support  
System to Support Power Projection Operations Using Optical  
Digital Technology

Dyer: The Development of the Administrative Science Network  
Tutorial

Frink: Optical Memory Cards: A Comparison with Other Current  
Technologies and Potential Military Applications

Gadzala: Development of a Prototype H-46 Helicopter Diagnostic  
Expert System

Gaffney: see Daly

Ganzer: Computer-Aided Software Engineering (CASE) Tools and  
Their Application in an Abbreviated System Decision Process

Hightalan (& Keese): Organizational Assessment of the Depot Level  
Analysis Center for the Lockheed S-3 Viking Aircraft

Holland: Facility Design Validation of the Information Systems  
Laboratory

## ACKNOWLEDGEMENTS

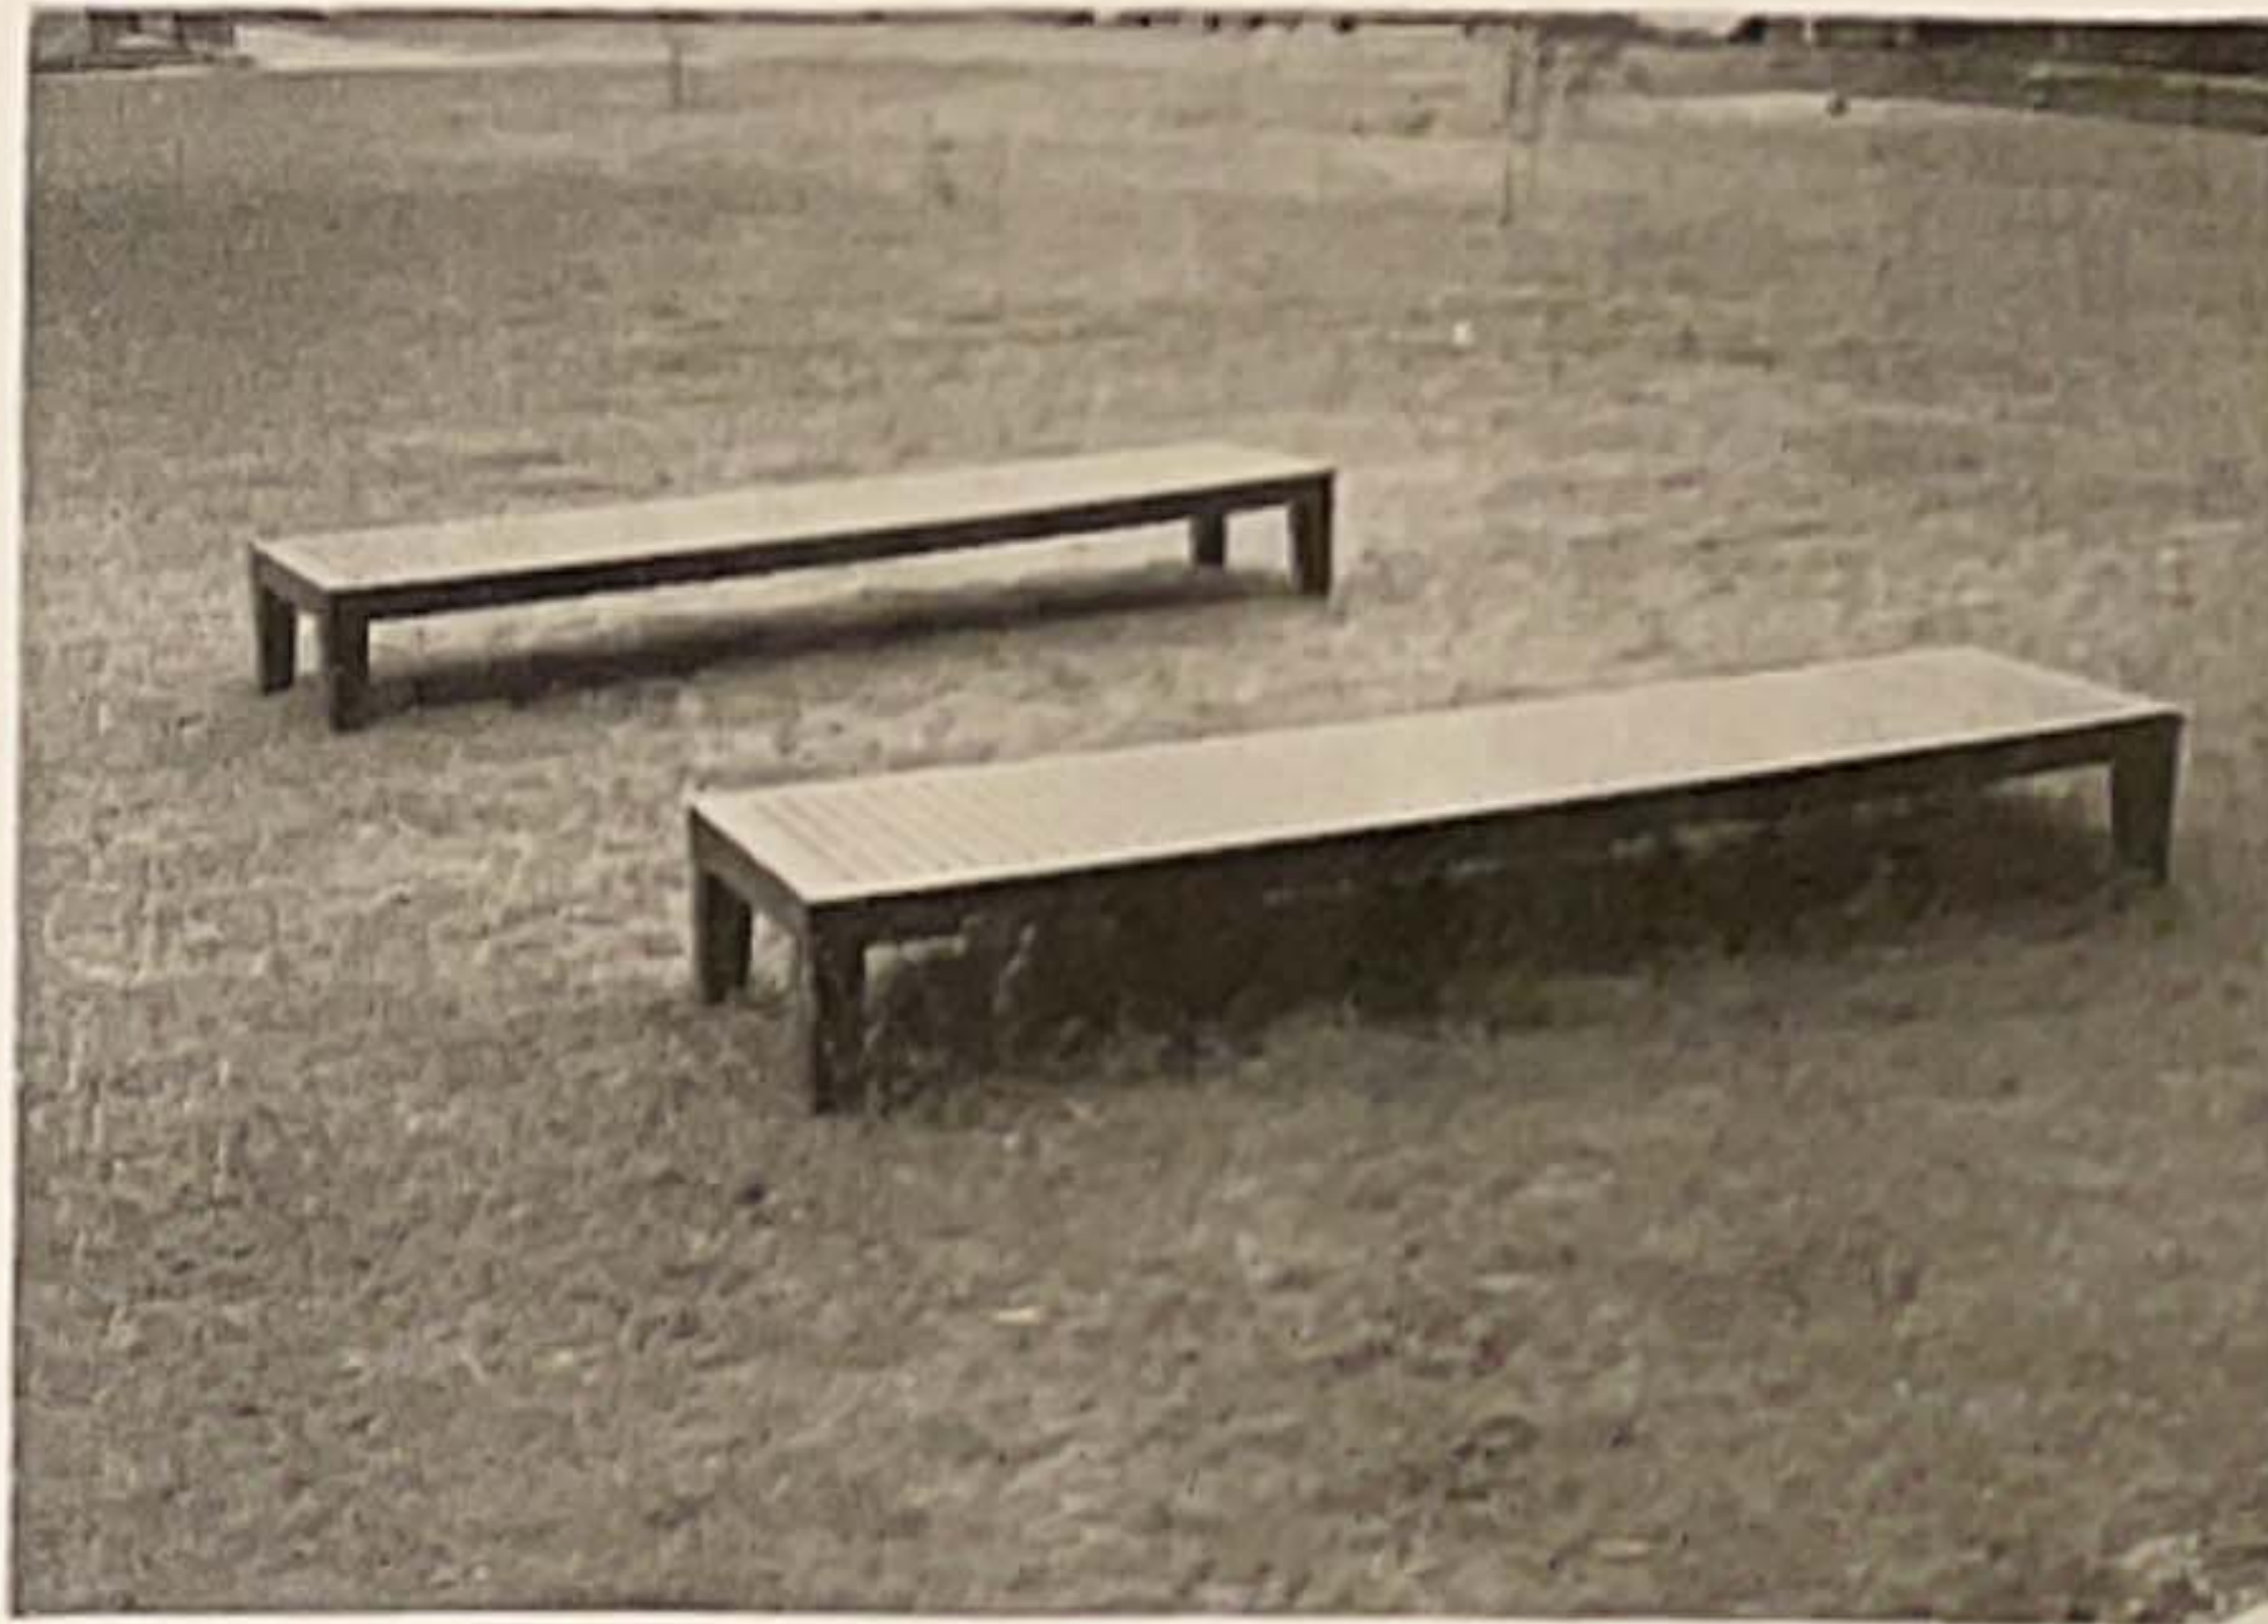

Thanks to the sterling efforts of the following people, this  
cruisebook was made possible:

Donna Ganzer (Editor)  
Tim Holland (Editor)  
Karen Overall (Photographer, Caption Thinker-Upper)  
Pete Lindberg (Intro Page)  
Steve Frink (Cover Design)  
Tom Gadzala (Caption Thinker-Upper)  
Jim Daly (Caption Thinker-Upper)  
Steve Gaffney (Caption Thinker-Upper)  
Janet Orrell (Caption Thinker-Upper)  
Gaye Stevens (Financial Matters)  
Karen Struble (Financial Matters)  
Al Whitehouse (Caption Thinker-Upper)

The thesis is done . . .

No more "Quadrangle" lunches . . .

As the sun sets on yet another era of our lives,  
memories of the beauty of the peninsula area  
and the friendships we have begun will surely make our tour  
at the Naval Postgraduate School seem even more special.
